

Olivia

Overview

Olivia is 16 years old. She is sweet, caring and intelligent. She makes good grades in school and enjoys crocheting, painting and skateboarding.

She loves animals and likes to volunteer at the animal shelter. Olivia usually identifies as Christian and enjoys going to church if given the opportunity.

Health and Behavioral History

Olivia has high emotional and attention needs. She has a diagnosis of major depressive disorder, PTSD, ADHD and a mood disorder. She attends therapy and receives medication management.

Olivia has no health problems, nor does she exhibit physical or verbal aggression toward others.

Placement Needs

Olivia desires to part of a family, she is open to a two parent or single parent household, she does not have a preference of gender or race of parents.

Her ideal family would have no children in the home. If children are in the home, Olivia should not be placed with a child under the age of 5.

Olivia requires caregivers who can ensure the continuity of her mental health care.
